“A FRATERNAL ORGANIZATION”

April 1, 1998

To whom it may concern:

This Lodge has just completed a major renovation of our Lounge and Bar area. The successful electrical contractor was Mits-Myer Electric of New Cumberland, PA. At a cost of \$22,000+ they provided new lighting, power, heating, signal and control wiring and fixtures.

We had no General Contractor; I interfaced directly with Mits-Myer and the other four contractors on the job. We started January 17 and completed March 27, 1998.

We are really pleased with the way the entire job went, especially with the performance of this electrical contractor. Brian Mitsdarfer and Bill Newmyer are not only skilled and experienced craftsman but honest and reliable business men. The scheduling went perfectly, they were always there when they said they would be. They took care of the numerous little problems without extra charge and billed us a very fair time and material cost for an unforeseen change in work scope.

It was a pleasure dealing with Brian and Bill. We highly recommend them.

Very truly yours,

William O. Druschel
Project Engineer
